FIGHTING KEPT UP.

No Cessation of Hostilities on the Macedonian Frontier.

NO GREAT VICTORY FOR EITHER.

The Greeks seem to be having the best of it so far—The bombardment of Prevesa continues—Reinforcements being rushed to the frontier by both countries involved in the struggle.

ATHENS, April 22.—Fighting has been renewed at Damasi, which is being cannonaded by a Greek brigade advancing from Boughazi. The Turks have occupied the posts of Ligaria and Karatzo, which are strategically unimportant, while the Greeks have advanced and occupy the Slati hill.

The Turks yesterday tried to capture the post of the Prophet Eli, on the road to Tyrnavo, but were repulsed.

Crown Prince Constantine telegraphs from Larissa, the headquarters of the Greek forces in Thessaly: "We have kept all our positions and the situation is excellent. Every road by which the Turks can descend into the Thessalian plain has been secured by the concentration of our troops. I can not wire at greater length now. I am fighting myself. So is Prince Nicholas."

The bombardment of Prevesa at the entrance of the Gulf of Arta has been very heavy during the past 24 hours. The Turkish garrison has been completely isolated by the advance of the Greek troops.

The report that the Greek fleet had bombarded Patomona, on the west shore on the Gulf of Salonica, is confirmed. The Greek fleet also bombarded the town of Lephokarya, adjoining Patomona. The powder magazine of the Turks at Patomona was exploded by a Greek shell, causing much damage and loss of life to the enemy.

An official dispatch from Larissa says that the Greeks continue to defend the Mati pass. Tyrnavo has been completely abandoned by its inhabitants.

M. Delyannis has received telegrams from Greek deputies at Larissa, who declare that according to the opinion of the officers the situation is not yet compromised, as the positions occupied by the Turks are of secondary importance.

A dispatch from Arta says that the Greeks have captured the villages of Aghai, Tsaprasli, Paraskovi, Kirnikala, Alimebel and Jenicari, all of which have been abandoned by the Turks.

A dispatch received from Commodore Kriezis, in command of the Greek squadron which has bombarded Patomona, says that 500 Turks were wounded during the bombardment, but the Greeks sustained no losses. The squadron has started for Katerina.

Telegrams from Prevesa say that the town would have been occupied by the Greeks, but it was impossible to spare the men. Major Anzilonas, who gave the orders for the abandonment of Gritzovali, has been replaced by Colonel Papastavre.

Colonel Manos is meeting with but little opposition. The Turks are collecting at Pentepigvia, 20 miles south of Janina, where a decisive battle is expected which will settle the fate of Janina.

The public suspense here is terrible, owing to the lack of definite news. The government has received telegrams from Larissa urging the prompt dispatch of reinforcements to that point, as the Greek troops are being exhausted by the incessant Turkish attacks.

All the shops are closed while prayers are being offered in the churches for the success of the Greek troops.

Every nerve is being strained to send all available men to the front. The palace guard and the gendarmerie will go tomorrow. Volunteer bands are organizing everywhere throughout the country. In Thessaly the whole population is being armed and made ready. Next week thousands will start for the frontier from the provinces long famous for the fine quality of their fighting men.

The last series of the Greek reserves has now been called out and fresh troops have been sent to the frontier.

Prince Constantine, the crown prince and commander-in-chief of the Greek army, has just left Larissa for the battlefield.

BATTLE AT LARISSA.

The Greeks continue to hold the Reveni and Nezeros passes.

LARISSA, April 22.—The first seriously planned battle took place yesterday. Early in the morning Edhem Pasha's advance guard, under Generals Mavimohali and Macris, advanced against the Greeks in force from Reveni, Boughazi and St. Elias. The fighting was greatly extended and the battle raged till late in the afternoon with varying fortune.

The Greeks were assisted by thousands of irregulars, who harassed the Turkish outposts and wings, as well as participated in the general engagement. The Turks had an overwhelming superiority in numbers. They had constructed earthworks and trenches everywhere, and in and behind these awaited the attacks of the Greeks.

On the whole, they clung tenaciously to the side fences, while the Greek attacked these again and again with the most desperate bravery.

In spite of the furious attacks still made upon them the Greeks continue to hold the Reveni and Nezeros passes. Crown Prince Constantine is hurrying reinforcements to the front.

TURKEY NEEDS MORE TROOPS.

She Did Not Expect the Sturdy Resistance of the Greeks.

CONSTANTINOPLE, April 22.—The sitting of the military commission has been continuous since yesterday at the Yildiz Kiosk. It is reported that Edhem Pasha has asked for 40,000 reinforcements and that orders have been sent to Salonica to hasten the dispatch of the reserves to the frontier.

The mobilization of 40 additional battalions has been decided upon and the enrollment of volunteers is being considered.

The sturdy resistance offered by the Greeks was wholly unexpected and the idea that the forces of Edhem Pasha would have a military promenade to Larissa has already been abandoned.

Telegrams received by the porte from the far western provinces show that the Albanian irregulars are devastating the country in many localities, and especially along the line of route between Prevesa and Janina. The local authorities are powerless to restrain them.

An impartial irade has been issued ordering the Turkish fleet to avoid a battle at sea and remain under the protection of the fortifications.

Troops Start For Crete.

NAPLES, April 22.—The steamers Independence and Arno and the cruiser Liguria have started with troops for Crete.

STILL ANOTHER CREVASSE.

The Sixth Break Has Occurred in the Mississippi Delta Levee System.

MEMPHIS, April 22.—The sixth break in the Mississippi delta levee system has occurred at a point a few miles south of Lake Providence, La., on the Mississippi side of the river. The break is quite a large one and a great volume of water is rushing into Issaquenna county, Miss. This county with the adjacent counties of Sharkey and Yazoo have already been partly inundated from the earlier breaks and this crevasse, it is believed, will not materially affect the situation in that vicinity. The water will, of course, rise again but the swift flowing Yazoo will doubtless carry it back into the main channel again within a short time.

The water is gradually spreading over Madison parish from the Biggs crevasse and it will be several weeks before it subsides.

The river at Memphis is slowly falling.

PARALYZED BY A BLOW.

Peculiar Tragedy in Which an Insurance Man Loses His Life.

MONTGOMERY, Ala., April 22.—W. F. Joseph, president of the State Insurance Men's association, was killed here last night. The association had an annual meeting here last Friday, and Mr. Joseph, it is said, with some visiting companions, took a carriage to a cafe after the banquet. Becoming boisterous, Malcolm Hall, a young bookkeeper, who was with several ladies in the cafe, reminded Mr. Joseph of their presence, but the swearing continued.

Hall had Mr. Joseph indicted for swearing before ladies and yesterday afternoon Joseph was fined for the offense. As he left the courthouse he cursed Hall, who struck him heavily in the face. Mr. Joseph fell and was taken to his residence. Paralysis, to which he was subject, came on as a result of the blow, and he died at midnight.

YOUNG ASYLUM INMATE ESCAPES.

He Buys a Pistol and Sends a Bullet Through His Brain.

HOPKINSVILLE, Ky., April 22.—Arthur Lay, aged 22, suicided here yesterday. Last month he was indicted on three counts for forgery at Bowling Green, Ky., his home. He escaped the penalty by a plea of insanity, being sent to the asylum here.

Tuesday night he escaped from the institution by letting himself down a distance of 40 feet by a rope made of his underclothes. At 6 o'clock yesterday he entered a hardware store and asked to be shown pistols. He suddenly seized a loaded one and shot a bullet through his brain, dying in a few minutes. He left a letter saying that he was tired of life and asked that his money and body be sent to his mother at Bowling Green.

ONE TRIED TO SAVE THE OTHER.

Two Lives Lost by the Burning of a Chicago Dwelling.

CHICAGO, April 22.—Two lives were lost and three dwellings partially destroyed by a fire which broke out early yesterday morning in a building at 4226 Ashland avenue. The flames spread so rapidly that many of the occupants were forced to jump from the windows, while others were taken down ladders. The dead are: John McCleash and John Coyne. The bodies of both were but slightly burned.

Coyne, who was about 13 years old, was found tightly clasped in the arms of McCleash, who had evidently perished in an effort to save the life of the boy. The origin of the fire is unknown. Loss about \$3,000.

LETTER FROM CUBA.

Written by an American With the Insurgents.

DIFFERENT FROM HAVANA NEWS.

The Cubans have the best of it all through, but of course suffer great hardships—Spaniards seem to be making war on women and children—Some of the horrors of war.

BOSTON, April 22.—William Law, formerly of Worcester, Mass., but now with the Cuban insurgent army, has written a letter to a friend in Worcester, in which, under date of Jucaro, Puerto Principe, April 5, he says:

"I am in the heart of the fighting. The Cubans have the best of it all through, but of course suffer great hardships. The entire east end of the island is absolutely controlled by them, and most of the provinces of Santa Clara and Pinar del Rio; beside, Havana itself is uncertain and may fall any day."

"A few days ago I saw a battle between 800 Cubans and two forts, defended by 1,000 Spanish troops. It took the Cubans less than 30 minutes to take them and capture all the arms and cannon."

"Of course, war is terrible. I see brought in men, women and children, who have been murdered by Spanish soldiers, whose fiendish deeds are too awful to describe. I saw, last week, the bodies of three beautiful little Cuban girls, aged 8, 6 and 4 years, respectively, their mother, a woman about 30, and of two old women, possibly 60 years of age, all in one heap, with their throats cut."

"Their war seems to be on women and children. When they meet a body of Cuban troops they scarcely wait to fight, but throw down their arms and run."

REASON FOR HIS INSANITY.

The Clerk of the Court of Hamilton County, Ohio, Short in His Accounts.

CINCINNATI, April 22.—George Hobson, the clerk of the court of Hamilton county, elected by the Republicans in 1895, who has been reported hopelessly insane since last Sunday, was found by the county commissioners upon a brief examination of his accounts to be \$16,000 short in his accounts. When taken to jail as an insane man last Sunday he said he was \$30,000 short, but no mention was made of it.

The commissioners last night notified the county prosecutor to file information with the courts that Hobson had been guilty of misconduct and should be superseded. There are many now who believe Hobson's insanity is simulated. He is now in the hospital, apparently wholly demented. When informed of the shortage he was apparently vacant minded.

RETIRED ARMY OFFICER DEAD.

Sudden Demise of Brigadier General Richard W. Johnson.

ST. PAUL, April 22.—Brigadier General Richard W. Johnson, U. S. A., retired, a gallant division commander during the war of the rebellion, died at his home in this city last night suddenly of pneumonia, after an illness of only a few days. It had been thought that he was recovering, when there was a sudden relapse, and death came.

General Johnson was born in Livingston county, Ky., Feb. 7, 1827; graduated at West Point in 1849, being that year stationed at Fort Snelling, Minn. In October, 1861, he was made brigadier general of volunteers. In October, 1867, he was retired with the rank of brigadier general in the regular army. He leaves a young wife and infant child besides two grown sons.

Driven to Death by Politics.

LITTLE ROCK, April 22.—Hon. Voley V. Smith, ex-lieutenant governor and at one time the most prominent figure in Arkansas politics, died yesterday at the insane asylum, where he had been confined several months. Mr. Smith became insane on the money question during the late presidential campaign and since his confinement became very violent. He died of exhaustion. Mr. Smith served as consul to St. Thomas in the Grant administration.

Out of the Senatorial Race.

FRANKFORT, Ky., April 22.—Dr. W. Godfrey Hunter has withdrawn from the senatorial race. The race for the nomination is now regarded as an open one, with the chances in favor of Colonel St. John Boyle, Senator W. J. Deboe and Judge W. H. Holt. The Hunter people are unable to agree on a man to succeed him. Yesterday's ballot stood: Hunter, 56; Blackburn, 41; Martin, 12; Boyle, 6; Stone, 1. Necessary to a choice 60.

Waved Extradition Proceedings.

MONTREAL, April 22.—Joseph E. Kelley, the self-confessed murderer of Cashier Stickney of Somersworth, N. H., was taken to Dover, N. H., last night. He consented to return, waiving extradition proceedings. Kelley confessed that he wore a disguise when he went to rob the bank. He had on a mustache and goatee, and this so effectually disguised him that Stickney did not know him.

NEW YORK, April 22.—Fire early this morning did \$40,000 damage to the 6-story building of the New York asylum for women and children at East Fiftieth street and Livingston place. None of the inmates was injured.

SENATE AND HOUSE.

Nothing of Importance Done in Either Branch of Congress.

WASHINGTON, April 22.—Senator Mason of Illinois made his maiden speech in the senate yesterday and signaled it by some breezy criticism on the rules of the senate. It was such a variation from the prosy debate of recent days that the senator was accorded close attention, and twice received the hearty applause of the crowded galleries. The speech was in support of a resolution introduced by the Illinois senator directing the committee on rules to report a rule by which debate could be closed and the previous question ordered. In this connection Mr. Mason sarcastically referred to the inaction of the senate on all great questions before it; the long and fruitless debate on Cuba; the delay of the arbitration treaty and the inability to say whether our difficulties are to be settled by arbitration or by the methods of Corbett and Fitzsimmons. It was time to send the senate into dry dock and rid it of accumulated barnacles.

Mr. Hoar of Massachusetts replied briefly, pointing out that the other branch of congress was more open to criticism than the senate. He was in accord with Mr. Mason, however, on the need of new rules.

A vote was taken on Mr. Gorman's motion to refer the Mason resolution to the rules committee, which prevailed, yeas 32, nays 24.

A further discussion of the subject is promised, as Mr. Hoar has a pending resolution to discharge the committee on rules from further considering the reform of the rules.

Most of the day was given to the bankruptcy bill. The vote on the substitute and amendments will be taken at 3 p. m. today.

It was agreed that a committee of 15 senators should represent the senate at the coming Grant memorial ceremonies.

In the House.

WASHINGTON, April 22.—The chaplain of the house, Mr. Couden, in his prayer yesterday gave thanks that this nation was at peace with all others and prayed that higher and holier methods than war might prevail everywhere. He prayed for the friends of Representative Milliken of Maine, who died Sunday, and whose desk was draped in black and covered with flowers. The death of Mr. Milliken was announced by Mr. Dingley, and out of respect the house, at 12:10 p. m., adjourned.

QUEEN NAMEA OVERTHROWN.

Her and Her Principal Chiefs Are Exiled by the French.

SAN FRANCISCO, April 22.—The barkentine City of Papete, just arrived from Tahiti, brought news confirming the report that Queen Namea of the Raiatea islands was captured by the French and sent into exile with her husband and the principal chiefs.

Mrs. S. J. Hutchinson of the Holiness church of Los Angeles returned from the deposed queen's island on the City of Papete, having been refused permission to do mission work there, as her religion differed from that which is the established church on that island. She was allowed to land at Nouka Hiva, but was prevented from attempting to convert the natives.

The war, which resulted in Queen Namea's exile, was brought to a close by a severe bayonet charge of the French against the natives, whose ammunition had become exhausted. The natives were crowded behind a breastwork and nearly everyone was killed. The queen afterward surrendered. Besides those exiled with the queen, more than 200 warriors were taken in a transport to Christmas island. As no water could be found there the warriors were taken back to Nouka Hiva for further instructions.

The officers in charge of the prisoners was directed to take them to another island of the Marquesas group that M. Lichtle had leased from the French government for the purpose of using it as a cattle range. As soon as the natives were put on the island they began to kill the cattle for food. When the City of Papete left the islands Lichtle was trying to get the government to remove the natives and to pay him for the animals killed.

CHIEF ARTHUR DISSATISFIED.

He Thinks Engineer Lennon Was Not Treated Right by the Supreme Court.

CLEVELAND, April 22.—Chief P. M. Arthur of the Brotherhood of Locomotive Engineers feels very much disappointed over the action of the supreme court in the case of Engineer Lennon, who was fined \$50 for contempt of court in the Ann Arbor strike of 1893.

Engineer Lennon was aware that an injunction had been issued, but had not been served with a copy of the proceedings. His crime consisted in leaving his train on the track when he discovered that he had an Ann Arbor car in it. We carried the case to the highest tribunal in the land and bow to the court's decision. The supreme court's decision, sustaining the contempt proceedings, establishes the fact that it is not an employee's action in quitting work, but the manner in which it is done that constitutes contempt. All decisions held that an individual has the right to leave the employe of another, but the manner of quitting must be guarded."

NEW YORK, April 22.—This afternoon the National League's base ball season of 1897 will open in six of the prominent cities of the country. New York opens in Philadelphia, Boston in Baltimore, Chicago in Cincinnati, Pittsburg in St. Louis, Brooklyn in Washington and Cleveland at Louisville.

YOUNGSTOWN STRIKE

Tube Works Has Been Shut Down Indefinitely.

A BIG REDUCTION IN WAGES.

The Men Willing to Submit to a Ten Per Cent Reduction, but the Management Now Want to Make It Twelve—Various Other Items Gathered in Different Parts of the Buckeye State.

YOUNGSTOWN, O., April 22.—The tube works strike here has taken an unexpected turn and now the management has announced that the plant has been shut down indefinitely. At a meeting held Tuesday the strikers agreed to go back to work at the reduction and continue at work until the arrival of Receiver James Matheson from Middletown, Pa., and so notified the management.

Then a squabble arose between the day and night men as to which should go back to work first. The result was that the fires were lighted and all but the threading floor employees reported. When the other employees found that the threading floor men were out they left the mill.

The strikers now say they are willing to accept a 10 per cent reduction, but that the cut is really about 12 per cent. The proposed cut would bring common labor down to \$1 a day.

New Fourth Class Postmasters in Ohio.

WASHINGTON, April 22.—The following fourth class postmasters were appointed in Ohio yesterday: Cannon Mill, Columbiana county, Charles Mount; Crenset, Gallia county, Oscar Russell; Germane, Harrison county, J. H. Ferguson; Howenstein, Stark county, James Steinmetz; Jerome, Union county, G. H. Dickson; Negley, Columbiana county, T. J. Richardson; New Chambersburg, Columbiana county, H. H. Varney; North Benton, Mahoning county, A. E. Strong; Perkins, Mahoning county, R. N. Williams; Sherwood, DeWane county, H. G. Rock; Vienna, Trumbull county, A. B. Manning.

Shot His Father and Two Others.

TOLEDO, April 22.—Frank Hawk, Fannie Watkins and Jack Sage of Lima, O., were shot here yesterday by Clinton Hawk, the son of Frank Hawk. The two men were sitting on the doorstep of the house of Fannie Watkins, a notorious character. The son came up and seeing his father there, drew a revolver and shot five times. His father is shot in the side and is mortally wounded. Miss Watkins is shot in the head and is in a serious condition. Sage was shot through the hand. Hawk gave himself up.

Looking For New Oil Territory.

EAST LIVERPOOL, O., April 22.—Agents representing several oil and gas companies have been looking over the ground from the mouth of Yellow creek as far up as Blockhouse run, along the boundary line between Columbiana and Jefferson counties, and interviewing farmers in the neighborhood regarding leases on their land. The territory is believed to be on the oil and gas belt and its development has never been attempted.

Electricity Ruins Water Pipes.

MASSILLON, O., April 22.—The water company, in a formal note to the city, alleges that 52 pipes have been destroyed by electric currents escaping from street railway cables and invites legislation to protect the water mains from further damage. The water company claims that this electrolytic action is due to errors in design and cheap work of the street railway.

AKRON, O., April 22.—Ralph R. Chambers, aged 50, of Hudson, a salesman for the Damon Pump company of Salem, O., has not been heard from for a month. His wife and children have notified the Akron officers that they believe he has either committed suicide or been murdered.

Child Fatally Burned.

RIPLEY, O., April 22.—While playing near where her father was burning brush, the 11-year-old daughter of John Burbage fell in the fire. Her hair and clothing were burned off and the flesh about the head and body literally cooked. The child can live but a short time.

Section Men on a Strike.

LIMA, O., April 22.—The section men on the Lake Erie and Western have gone out on a demand for an increase in wages. They have been receiving \$1.10 per day and demand an increase of 15 cents.

Buried to the Neck.

WARREN, O., April 22.—While Paul Stein of Niles was working in a sand bank the bank caved in and he was buried up to his neck. He was seen and rescued, but was severely bruised.

NAMED FOR OFFICE.

Consuls and a Surveyor of Customs Nominated by the President.

WASHINGTON, April 22.—The president has sent the following nominations to the senate for confirmation:

Charles H. Smith to be surveyor of customs for the port of St. Louis.

Thomas H. Harrison of Pennsylvania to be agent and consul general at Cairo, Egypt.

James A. Smith of Vermont to be consul at Leghorn, Italy.

William Heimke of New York to be second secretary of the legation of the City of Mexico.

THE Hunter Republicans now know who is boss of the g. o. p.

BRADLEY is still boss of the Republican party in this State. The Hunterites know that.

GOVERNOR BRADLEY is probably the happiest man in Frankfort to-day. Dr. Hunter has been forced out of the Senatorial fight.

THE State Board of Equalization estimates that the amount received from taxes this year will be about \$210,000 less than in 1896, as a result of the decrease in the assessment. The Republicans have already passed a bill raising the rate from 4 1/2 to 5 1/2 cents on the \$100, and they now think this will not give sufficient revenue. The Republicans are great on taxation.

The Discovery Saved His Life.

Mr. G. Caillonette, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at J. James Wood's drug store.

FIERCE SCRAMBLE.

Republican Politicians Tumbling
Over Each Other For the
Senatorship.A Few of Those Whose Lightning Rods Are
Up—Doings of the Law-Makers.

FRANKFORT, Ky., April 20.—It appears to-night that Dr. W. Godfrey Hunter will remain the Republican Senatorial nominee during the rest of this week. It also appears from the arrivals to-night that when Dr. Hunter withdraws there will be more candidates here than members of the Legislature. And the Republicans face a distressing fact. With Hunter withdrawn they are in as tough a tangle as the present one. It is extremely doubtful if a Republican can be found who will poll as many votes as Dr. Hunter.

The definite intimation of his coming withdrawal has already started a scramble which is as fierce as a fire panic. Candidates are tumbling over each other and trampling the fallen under foot. A new caucus would almost certainly mean a supplementary deadlock.

Ex-Congressman Geo. M. Thomas is making strong efforts to inherit Hunter's votes. Ex-Congressman John W. Lewis, of Springfield, is expected and will shy his castor into the ring along with Congressmen Evans and Colson, who will come on from Washington in a few days.

Mr. B. F. Bennett, of Greenup; George W. Jolly, of Owensboro, and John Feland, of Hopkinsville, are all here, with their lightning rods up. State Senator John Bennett, of Richmond, and Representative Stoll, of Lexington, have been mentioned frequently as senatorial possibilities, and some effective but secret missionary work is being done by the friends of both.

The fight in the caucus will be between Holt and Deboe, unless Deboe is withdrawn as the Hunter candidate. There is a well-grounded rumor to-night that Mayor Todd, of Louisville, will be substituted for Deboe. The Mayor himself tacitly admits that he is a candidate. However, this may be, it is certain that Holt will represent the anti-Hunter element, and that one other candidate will receive the solid backing of the Hunter people.

These are the inside facts of the situation. The random aspirations of the score or more candidates who are here or on the way, do not in the present situation constitute factors of any importance. A regular nose finish is probable in the caucus.

A number of men who have been Hunter's principal strength will leave him in the new caucus. Among them are Geo. Lieberth and Tut Burnam, who lead the movement. They are both for Holt.

To-night the men who have supported Hunter but will oppose his candidate in the new caucus are in conference with Hon. Sam M. Taylor, Mark Hanna's representative here. They believe that they will have five or six votes which were among the thirty-eight which nominated Hunter. This would give the anti-Hunter people control of the caucus, and would mean the defeat of Deboe, Todd, or any other man whom the Hunter people might put up.

The one feature of the situation to-night is the development of this session from the Hunter organization. The extent of it, more than anything else, will determine the nomination.

The following new bills have been offered:

Amending the revenue law, fixing a license of \$500 for any person, company or corporation charging more than 7 per cent. on money loaned on chattel mortgages, and \$200 for retailing cigarettes.

An act authorizing the Board of Sinking Fund Commissioners to donate the interest of the State in turnpike roads to counties in certain cases. This bill gives the board authority to donate turnpike stock where pikes will be made free.

A bill requiring trust companies, when they qualify as guardian, trustee, committee or assign, to give bond with security like individuals.

The Hunter people went after the Assistant Adjutant-General again, and the committee reported favorably on a bill to reduce his salary to \$250 per year. It also provides for reducing the Adjutant-General's salary from \$2,000 to \$1,200, and the Arsenal Keeper's salary from \$800 to \$600.

The bill to issue State bonds for \$500,000 has passed both houses and only remains for the signature of the presiding officers and the Governor. The Governor will sign the bill, as he recommended its passage.

Dr. Hunter withdrew last night. The fight in the caucus to succeed him has narrowed down to Holt and Deboe.

Notice to Candidates.

All candidates who wish to have their names placed upon the ballots to be voted for at the coming Democratic primary election must deposit the required entrance fee by Friday, April 23rd, as the law requires.

Fresh fish daily at O'Keefe's.

A brick pavement has been put down in front of Mrs. John Richeson's residence on West Third street.

F. DEVINE, agent for Mrs. A. J. Williams, sold a lot in the Sixth ward to Fleming Logan, colored, for \$250.

Rev. C. P. M. BIGBEE, pastor of the colored Baptist Church at Mayslick, has been called to the First Baptist Church, colored, of Newport.

THE Bee Hive offers choice of 100 elegant Nubia rugs at \$1.49,—grand bargains. Also a fine line of women's separate skirts, and a beautiful stock of flowers. See advertisement.

MISS AMELIA WOOD has returned from Indianapolis where she thoroughly acquainted herself as to all the latest styles in dress making. Ladies needing anything in her line will call at her residence, No. 245 West Third street.

FOUR men, with their faces blacked, called at the home of a widow named Goley, at a little village named Dublin, ten miles from Maysville, Tuesday night of last week, took her and her son out and beat them with fence palings until they were insensible—Ripley Bee.

There's no little village of that name anywhere in this section. Mayfield was probably intended instead of Maysville.

MR. F. C. HARRIS, of Cincinnati, who is traveling in the interest of a millinery house, is registered at the Central to-day. He is the oldest commercial tourist on the road to-day. He has been traveling forty-two years, and has been a frequent visitor to Maysville. At Cleveland a few years ago Mr. Harris was awarded a medal by the T. P. A. for being the oldest drummer in the country.

CINCINNATI Enquirer, April 21st: "Dr. J. M. Frazee, of Maysville, Ky., ex-Representative in the Legislature, is at the Palace. The doctor makes the declaration that the Democrats of Kentucky are getting together, and will have no trouble in carrying the State this year. 'Our section is for Robert Green, our neighbor, for Clerk of the Court of Appeals,' said the doctor, 'and we think he will be nominated. The freeze has not injured the wheat at all, and a finer prospect I never saw. If the present prices continue, and there is no bad luck to the grain, the farmers will rejoice. It has been too dry and windy for the cold snap to injure the fruit so far.'"

AN editor in northern Indiana is mourning the loss of two subscribers. Number one wrote asking how to rear twins safely, while the other wanted to know how to rid his orchard of grasshoppers. The answer went forward by the next mail, but by some accident he transposed them into the wrong envelopes, so the man with the twins received this answer to his inquiry: "Cover them carefully with straw and set fire to it, and the little pests, after jumping about in the flames for a few minutes, will speedily be settled." While the man plagued with grasshoppers was told to "give castor oil and rub their gums with a bone."

IN the U. S. Court at Covington this week, a case was decided by Judge Taft that has been fought through the State and Federal courts for ten years. The plaintiffs were Leo Brigel and Logan A. Murray as trustees vs. the Tug River Coal and Salt Company, and the question in dispute was the ownership of 20,000 acres of land in Martin County, known as the Warfield estate. Several years ago a gas well was discovered on the disputed property with an apparently inexhaustible flow. A corporation was formed for piping gas from Martin County to Cincinnati. Hundreds of thousands of dollars were invested, but dull times and financial depression followed, and the huge project was finally abandoned. By his decree yesterday Judge Taft orders the sale of the property, and appointed Joseph C. Fennell as Special Master for that purpose.

A mirror could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest beautifier in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainty look for the cause in one or both of two conditions—constipation, and derangement of the organs distinctly feminine. Dr. Pierce's Favorite Prescription will cure permanently, and positively any so-called "female complaint." Dr. Pierce's Pleasant Pellets will cure constipation. There is no reason in the world why a woman should not be perfectly healthy. She will gain in health, strength and flesh. Hollows and angles will give place to fullness and grace. She will be that noblest and most beautiful of all creation—a perfect woman.

Friday's Cash Sale!

A \$1.50 Umbrella for 93

A \$2.00 Umbrella for 1 27

This isn't profit-making, as there's a loss for us on every sale, but we think there's a gain too, of course. We think there's a gain in bringing a great many people into this store and in having them go out with more than fair money's worth. We think there's a gain in that, even though we lose a little by it now and then. The more people we can get to see our goods and prices, the greater our chance for selling and for profit. We think a great many people who never stepped inside our store will come for an Umbrella. We're going to give them an Umbrella that, by its good looks and wear, will bring them back to our store for the other good things we sell.

The Umbrella for 93c. is Gloria silk, paragon frame, steel ferule, natural wood handle. There's only one thing wrong about them—the limited quantity. We couldn't get many, so late comers must not be disappointed.

The \$1.27 Umbrella is twilled silk, steel rod; Prince of Wales, Congo and Weitchel handles, paragon frame, close roll. Also nice rubber and black enameled handles for anyone in mourning. Only one of either lot to a customer, and none at these prices after this sale.

ALVIN D. BURNS, a passenger conductor on the East Kentucky branch of the C. and O. Railroad, was probably fatally injured while coupling cars at Grayson Tuesday morning at 9 o'clock. Burns was standing on the rear end of the tender, which was being slowly backed against a passenger coach, when he missed his footing and fell across the rail. The truck of the tender passed over both of his legs, between the knee and ankle. He was brought to Greenup, and that evening sent to the Good Samaritan Hospital at Cincinnati on the F. F. V. A peculiar circumstance in connection with the accident is that his accident and life insurance policies expired at noon Tuesday. Previous to being injured Mr. Burns had, however, telegraphed the insurance companies to renew his policies.

WEEKLY CROP BULLETIN.

What the Kentucky Section of the Weather Bureau Has to Say of the Outlook in This State.

[For Week Ending April 19.]

The weather conditions of the past seven days presented practically a continuance of those for the several preceding weeks, except that during the last three days, the much wished for sunshine prevailed, stimulating to some degree the growth of vegetation, despite the low temperature which accompanied it. The early part of the week was cloudy and rainy throughout the State, the majority of stations reporting three days with rainfall, and some few four days. In only a few scattered counties did the amount exceed the normal however, the greater portion of the State receiving slightly less than the average. Coming as it did after a protracted period of excess it served to keep the soil in such a condition as to render it unfit for plowing and had the effect of retarding general farm work. The abundant sunshine and brisk winds of the last three days resulted in considerable improvement and this week closed with a more favorable outlook than at any previous time.

The temperature remained low throughout the week, the daily average ranging from 6° to 10° below the normal. Frost was general and in some sections heavy on the 17th and 18th, but so far no reports of serious damage have been received.

Western Section.—The condition of agricultural interests has been slightly less favorable in this, than in other sections of the State. All correspondents report great backwardness in the season, but do not speak discouragingly of the prospect. The favorable conditions of the last half of the week permitted the resumption of plowing for corn on the uplands, but the bottom lands are still too wet for the work, and but a very small proportion of it has been done. Very little, if any, corn has been planted. The sowing of oats has not been completed, and is making very slow progress. From one-half to two-thirds of the crop has been planted. Some of the earlier sown portion is up and looks well. Wheat is in generally fine condition, but a few complaints are made that it is yellowing for lack of sunshine. Clover and grasses of all kinds are doing well, and stock has been turned out in the pastures. The condition of tobacco plants has improved during the week, though a scarcity of them is reported from a number of counties. Reports generally indicate that fruit escaped serious damage recent frosts. But little gardening beyond the planting of a few potatoes in favored localities has been done.

Central Section.—All forms of vegetation made very slow progress during the week and farm work is backward in most counties of this section at least two weeks. Everything is at a standstill, and, unless a marked improvement in weather conditions comes very soon, farmers will be very late in the completion of spring work. A few correspondents in the more southerly counties report some fields of corn planted, but the majority state that very little progress has been made in the work of plowing for the crop on account of continued dampness of the soil. The sowing of oats is still in progress, and although the work is backward, it is further advanced than in other sections. Wheat is reported by the majority of correspondents to be in fine condition, but some few state that its growth is too rapid, and from others come reports that during the past few days it has yellowed in places. Grasses continue to make good progress. Tobacco plants are up in the beds, and in most counties a plentiful supply seems assured. Practically no gardening has been done as yet. It will require some time to determine the extent of damage by frost to fruit, but the indications are that it has not been serious in most counties.

Eastern Section.—Despite the lower temperatures experienced in this section, farm work, though very backward, is relatively in advance of that in other parts of the State. This is especially true of the more southerly counties, reports from Clay, Laurel and adjacent counties indicating that plowing for corn and the seeding of oats is completed. This work is still very backward in the northern counties of this section, especially in those bordering upon the Ohio. Wheat and grass continue to improve. It is probable that the frost caused greater damage in this, than in other sections of the State, but its extent can not yet be determined. Tobacco plants appear to be doing fairly well, but the correspondent in Fleming County reports them to be very scarce. Similar reports come from other counties. Some little gardening has been accomplished in the southern portions of this section, but elsewhere none has been done.

WHO IS SHE?

The Ripley Bee Tells a Crazy Story of a Crazy Colored Woman Who Goes About in a Nude State.

[Ripley Bee.]

As Marshal Dan Miller, Jacob Reinert, George Brafford and Jas. Wiles, of this city, were hunting for ducks in the river above Maysville, Thursday, they came across, stretched out on the sand near the water's edge, on the Kentucky shore, what they supposed to be a dead person in an almost entire nude state. They rowed their skiff close to the supposed corpse, when it jumped up and started up the bank on a dead run, falling down every few feet and uttering strange cries like a wild animal.

The boys were startled at first and by the time they reached the shore, the object had disappeared. The colored woman, for such it was, was almost entirely naked, with the exception of a small blue rag around her breast.

Mr. Reinert and party then started down the river when they met some men in a skiff who told them that she was a crazy woman and that was all they knew about her. We advise the authorities of Maysville to look her up.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

Cincinnati and Return \$1 Sunday, April 25. On Sunday, April 25th, the C. and O. will sell round trip tickets Maysville to Cincinnati at rate of \$1. Tickets good going on special train starting from Maysville at 8 a. m., good returning on special train leaving Fourth street depot, Cincinnati, at 7:30 p. m. Sunday. Result the Same.
TALLAHASSEE, Fla., April 22.—The first joint ballot for United States senator was taken at noon yesterday. The result was practically the same as that of the previous day, with an increase of one in Cal's vote, the increase coming from Senator Hendley, who was absent Tuesday. The vote was as follows: Senate—Chipley, 8; Call, 6; Raney, 8; Hocker, 9; Burford, 3; Mabrey, 2; Crill, 1. House—Chipley, 8; Call, 28; Raney, 6; Hocker, 9; Burford, 4; McKay, 2; Broome, 1; Bisbee, 1.

Must Meet Death.
PAXTON, Ill., April 22.—Judge Sample overruled the motion for a new trial for Frederick Hellman yesterday afternoon and sentenced the prisoner to death on the gallows May 14. Hellman was found guilty last week of the murder of Mrs. Geddes, near Sibley, Ford county, Dec. 2, and is believed to have murdered five other women.

Prize Fighter Dying.
PHILADELPHIA, April 22.—Billy Vernon, it is believed, was fatally injured while boxing Leslie Pearce at the Olympic club at Athens. The collapse came in the 14th round, after Pearce had ducked a swing. Vernon fell unconscious, without being hit.

Rendered Insane Through Grief.
NEW ALBANY, Ind., April 22.—Estella Robinson, 16 years old, mounted a bareback horse at her home in Utica on last Monday night and galloped off. She was captured yesterday, two miles east of this city. She is insane, caused by brooding over a murder committed by her father, Jacob Robinson, who died in the penitentiary a few months ago.

Milliken's Remains Reach Home.
BELFAST, Me., April 22.—The train bearing the remains of the late Congressman Seth L. Milliken arrived here shortly after 6 o'clock last night, amid the tolling of bells and a general display of half-masted flags from public buildings and shipping. The engine pulling the train was draped in mourning, as was the car containing the remains.

Forger Arrested.
NEW YORK, April 22.—Freidrich Everingham, alias Karl Kalkler, of Barmen, Prussia, was arrested yesterday, when the Red Star steamer Westernland, from Antwerp, on which he was a passenger, was moored at her dock. He is accused of forging notes for 150,000 marks, but it is said that his total forgeries may amount to 1,000,000 marks. He was a builder in Barmen.

Will Cost Too Much.
WASHINGTON, April 22.—The secretary of war has sent to the house a report from the chief of engineers of the army upon the survey of the mouth of the Green River, Kentucky, with a view to the construction of a lock and dam. He reports that the proposed improvements would cost \$294,000 and are not justified.

Railroading in Guatemala.
NEW YORK, April 22.—The Herald's correspondent in Guatemala says that the constitutional assembly has approved a bill authorizing the president to raise a loan of \$2,000,000 to complete the Southern railway.

MINERS' CONVENTION.

Indiana Operators Offer to Pay the Hocking Valley Price.

TERRE HAUTE, Ind., April 22.—The miners' convention devoted itself yesterday to a discussion of the scale. John Kane, national vice president, of Ohio addressed the meeting. He said the cause of the depression in mining as in every occupation was an over-supply. There are 100,000 more men working or seeking work in the mines than can profitably be used. There are 350,000 miners, all told, in the United States.

The most important development of the day's session was the submission of a proposition from the operators. They offer to pay the Hocking valley price of 51 cents per ton, and ask that day labor be reduced proportionately. Where drivers are now receiving \$1.80 per day, the proposed scale would reduce them to \$1.65. In many places, however, the miners are receiving but 47 cents.

The convention will take no definite action regarding the scale until the conference with the operators. The men expressed themselves as unanimously in favor of close affiliation with the Illinois men.

Trouble For Youthful Hazards.

TIPTON, Ind., April 22.—Otto Matthews, Harvey Phares, Will Mayn and Fred Oglesby, high school boys, have been arrested for maltreatment of Ralph Teter, an unwilling initiate into the "Sweet Essence" Secret society. The nightwatch found Teter tied to a fence, his clothes half torn off, and bearing ample evidence of violent treatment. He had suffered much from exposure to the cold and did not hesitate to swear out a warrant for the arrest of his prosecutors. He had been waylaid upon his return from a party.

Dug Up a Cannon Ball.

INDIANAPOLIS, April 22.—State Geologist Blatchley has received from Hendricks county a four-pound cannon ball, which was unearthed on the farm of Patrick O'Donnell, who found the ball 10 feet under ground, while digging a well. The geologist says that if there was ever a battle in the county it must have been a long time ago. He takes it that the ball was carried home from the war by some veteran, but he has no means of knowing how it came to be under 10 feet of earth.

Youth Indicted For Murder.

VINCENNES, Ind., April 22.—Harry Halter, 16 years of age, has been arrested on a grand jury indictment for murder in the first degree. Last January young Halter was fooling with a Flobert rifle, when it was discharged, the ball striking James Elder, his companion, who died from the wound a week later. Young Halter was committed without bail. Of the 15 indictments returned by the grand jury for March, this is the second for murder.

Representative Holman Much Worse.

WASHINGTON, April 22.—Representative Holman has had a sinking spell and his condition is regarded as very critical. He has lapsed into unconsciousness, but as he has displayed remarkable vitality heretofore, the hope is expressed that he may yet rally.

Death From Apoplexy.

LIBERTY, Ind., April 22.—Mrs. Richard G. Haworth is dead of apoplexy. Mr. and Mrs. Haworth were the oldest married couple in the county, he being 87 and the wife 81, and they were also among the earliest pioneers. She was born near this city.

ONE GREAT DISCOVERY

Follows Another. Read and Keep Posted.

The advance in medical science is greater than in any other branch. The discovery of the X rays and the finding of malaria in the blood by analysis are the most recent discoveries, but not the greatest by any means. The discovery of a remedy of medicine that will instantly bring relief to almost any form of disease we think is beyond conception. A remedy that does not require hours and hours of patience and pain before relief comes has been discovered. Poooh! you say. Would you have believed a few years ago that the telephone is such a great invention as it is? Just so it is with the great discovery of Lightning Hot Drops, a remedy that stands to-day without an equal, without a parallel for the cure of all stomach and bowel troubles, caused by over-eating, indigestion, dyspepsia. Relief comes so quickly you will be astonished, and the fact that it leaves no bad results is the beauty of it. The action of Lightning Hot Drops is marvelous, yet harmless, and you will be surprised to know how many different kinds of ailments you will find it good for, and if you once use it you will have no occasion to keep a cupboard full of different kinds of bottles, for Lightning Hot Drops will do the work of plasters, pills, ointments, tonics, etc., and save you lots of money, for it costs only 25c, and the 50c size holds 2 1/2 times as much as the 25c size, and it is sold with the positive understanding that if it gives no relief your druggist will give your money back. Made by Herb Medicine Co. only, Springfield, O.

Changed the Bodies.

Here is a really true story: Late in an English family had the misfortune to lose an aged aunt, who died in St. Petersburg. Arrangements were most carefully made and directions sent that the body should be forwarded to England to be interred in the family vault. In due time a magnificent coffin arrived, and before it was lowered to its last resting place it was opened for inspection. Much to the dismay of the family, instead of finding the features and frail form of their beloved aunt, the corpse of a Russian officer, clothed in military garments and decorated with ribbons and medals, was disclosed to view. A frantic telegram was dispatched to the Russian capital, to which the following answer was received: "Lady buried yesterday with military honors. Please keep the general."—London Correspondence.

Humorous Aspects of a Police Court.

"He treats me something ridiculous," was the complaint of one much abused wife against her husband. The man being brought up to answer the charge and perhaps explain it, answered: "This is a dead piece of jealousy, your honor. Don't mind her."

An old Irish woman came before me at the Harlem court and wanted her "boy" arrested for misbehaving himself in her house. It came out that her boy was 38 years old, and when I said to her that he was a pretty old boy she remarked, "Sure, he's not a gurl, and I count a boy a man only when he's married."

A German with a very much battered head complained that the defendant had made a "dinge" in it and described the assault as follows, "He do me a crack on de kopf, like dis, and I do noddings by him."—Scribner's.

Peanuts In Europe.

Peanuts grow in large quantities on the northwest coast of Africa, but are known there as ground nuts. They are dug up by the natives and bartered with the European traders for merchandise, tobacco, etc., at many places on the Gambia river and afterward shipped in steamer loads to European ports, principally to Marseilles. The nuts are not roasted for retail sale, as in this country, but crushed and a fine oil extracted, which is valuable commercially.—New York Sun.

Butler's Flag.

Feb. 21, 1866, General Benjamin F. Butler presented to congress the first genuine American flag, made of American materials by American labor, ever constructed in this country.

Prior to that time all American government flags had been made of English bunting. Since then all our official flags have been the product exclusively of American material and labor. There were 26 stars in the flag at that time.—New York Press.

Will Strike May 1.

CHICAGO, April 22.—The Bridge and Structural Iron Workers' union has decided to strike for an increase in wages on May 1. The men demand 45 cents an hour instead of the old scale of 41.

A GOOD THING

The wide-awake merchant never loses an opportunity to increase the number of his customers. He's out for business at all times. Experience has demonstrated that if you wish to reach the people you must advertise.

An Ad. In the BULLETIN.

If you wish to let the people of this city and surrounding country know what you have to sell, advertise in the BULLETIN. There's no better medium through which to talk to them of the bargains you offer.

TRY IT.

and you will be convinced. This is just the time to advertise if you wish to catch the season's trade. People are buying their WINTER goods. Let them know what you're selling. Advertise now.
